Dropbox X Doc 8784 EX-96 X Jedi VG-86 X Massey VG-85 X MOM Halo VG-88

We have always admired Daze, the dam of Dropbox, She is one of the best uddered dairy cows we have seen in recent years. We wanted to cross her on Doc 8784 because the two cows compliment eachother perfectly. He will be used as a mating sire by some and should be a great bull to use on crossover cattle. Use him on daughters of Lambda, Parfect, Renegade, Taos, Pazzle, and Lionel.
